COLLEGE PROJECTS

Playing Card & Packaging Design | GRC 203

- Produced a custom deck and package from concept through prepress and physical production using Illustrator, Prinergy, imposition, pagination, printing, and die cutting.

Journal Design & Specialty Finishing | GRC 328

- Adapted the playing-card visual system into a journal and experimented with varnish and foil to emphasize elements in the printed piece.

Food Illustration Icon Set | GRC 201

- Created three food icons in Adobe Illustrator using the Pen Tool, refining vector paths and curves while maintaining a consistent illustration style.

Boba Brand Website | GRC 338

- Designed and coded a website for a fictional boba brand using HTML and CSS, combining visual branding with front-end layout and styling.

Visual Literacy Poster | GRC 470

- Created a visual-literacy poster in Adobe Illustrator, applying design principles, visual hierarchy, and Gestalt concepts to communicate information clearly.

DESIGN EXPERIENCE

The Legend — Graphic Editor

Designed and edited illustrations for the monthly school newspaper and applied traditional art skills to digital work in Procreate.
